

December 3, 2021

Happy Friday Stober Families,

We have had a very busy week here at school! Today, we participated in the culmination of a multi-year and multi-school challenge to set a world record for the largest marker recycling effort ever! As a school we collected more than 5,000 markers totaling 116 pounds as part of the larger effort to make it into the Guinness Book of World Records! I am incredibly proud of our 3rd grade students who began spearheading this work within our school when they were in Kindergarten! I am proud of their efforts around recycling as well as their perseverance to lead this multi-year project!

December is an incredibly busy month here at Stober, so this update is quite lengthy. Thanks in advance for reading!.

Family School Partnership Survey

Each year in Jeffco we look to you to gather feedback on your experiences here at school and within our school district. At Stober we are committed to ensuring that your experience with our school is collaborative, successful, and helps your child(ren) learn and grow. We want to know how we are doing. Below is a link to complete a survey about family school partnerships. The survey is anonymous and will only take 10 – 15 minutes. Results will be used as a point of reflection for us and to support us in our continuous improvement. The survey is now open and will close on Wednesday, Dec. 22.

Thank you for taking the time to give us your feedback!
